Mentoring
English: professional proficiency

WORK EXPERIENCE

since 2021 **SENIOR FRONTEND ENGINEER**
OpenClassrooms

- Operate as frontend engineer in a product squad.
- Key projects I worked on:
  - Built apprenticeship marketplace from scratch
  - Designed AI-powered job posting creation funnel
  - Created automation tools for recruiters
  - Built and promote Classify, the internal design system used across product teams
- Mentored students on the paths "Frontend Developer" (RNCP level II) and "Web Developer" (RNCP level III)

React - TypeScript - ReactQuery - TestingLibrary - Storybook - Playwright

2020– 2021 **INDEPENDENT SOFTWARE ENGINEER**
Freelance

- Boosted development teams to accelerate features development, helped them reach their business goals, and promoted coding best practices.
- Designed, developed and maintained websites for SMB.
- Gave masterclasses and training in schools about front-end development, React, Storybook...

React - TypeScript - Jest - NextJS - Jamstack

2019 – 2021 **JAVASCRIPT TECH LEAD**
Troopers Web Republic

- Led projects from brief analysis to delivery, helping clients prioritize features based on the Agile principles.
- Developed JavaScript features, both frontend and backend, and provided training on JS technologies.
- Shared and harmonized development practices, including architecture, testing, and documentation.
- Mentored two developers on their apprenticeship.
- Got involved in the shared governance and energized structural roles.

React - NodeJS - TypeScript - GraphQL - Storybook - Cypress.io - Jest - NextJS - Jamstack

2017 – 2019 **FRONTEND ENGINEER AND SCRUM MASTER**
The Fork, by TripAdvisor

- Developed TheFork Manager, the B2B webapp for restaurant management.
- As a member of the core frontend team I was also in charge of creating the E2E Cypress test suite, and crafting the B2B component library, documented with Storybook.
- Helped my 9-member team, based both in Nantes and Paris, to adopt an agile mindset and take ownership of the Scrum framework.

React - Redux - GraphQL - Cypress.io

2014–2017 **JUNIOR FRONTEND DEVELOPER**
iAdvize

React - Redux

“

Hi! I’m Johan 👋

Product engineer passionate about building products with a strong societal impact. With a solid background in the JavaScript ecosystem, I create high-performing interfaces while keeping user experience and business goals front-and-center.

Highly autonomous, I am looking for a challenging environment where I can contribute to product decisions and expand my scope to the backend.

PROFESSIONNAL DEVELOPMENT

2021 **FULL-STACK PRODUCT MANAGER LEVEL 1**
Thiga Academy

2020 **DEVELOP ACCESSIBLE WEBSITES, COMPLIANT WITH RGAA STANDARD**
Orsys Formation

2018 **CERTIFIED SCRUM MASTER**
Scrum Alliance

EDUCATION

2014 **MSC SOFTWARE ENGINEERING** (DIPLÔME D’INGÉNIEUR INFORMATIQUE)
Université de Technologie de Compiègne
Erasmus semester: Sofia, Bulgaria

2011 **TECHNICAL DEGREE IN SOFTWARE DEVELOPMENT** (DUT INFORMATIQUE)
IUT Amiens, Université Picardie Jules Verne

VOLUNTEERING

2017–2019 **PROJECT COORDINATOR AND BOARD MEMBER**
Roller Derby Nantes Atlantique
As a project coordinator, I was in charge of synchronizing the volunteers’ projects with the vision and objectives of the board.

2015–2017 **SUMMER CAMP DIRECTOR**
Wakanga
Organize summer camps in Brittany for children and teenagers.
